

PEOPLE ARE CRAZY

With Delight Over This Country's Recognition of the New Government.

France Refuses to Recognize Until Republic Enters Into Agreement to Protect All French Interests. This Will Doubtless Be Conceded at an Early Date.

COLON, NOV. 7.—THE PEOPLE HERE ARE FRANTIC WITH DELIGHT OVER THE UNITED STATES' RECOGNITION OF THE DE FACTO GOVERNMENT OF THE REPUBLIC OF PANAMA.

Provisional Appointment.
Colon, Nov. 7.—The municipal council of Penonomene, Emperador, San Blas and Arraijan, have announced adherence to the new republic of Panama.

General Pompo Gutierrez who arrived at Colon, Thursday, to replace Governor Obaldia sailed for Cartago the same day on the steamer Empress, which took the Colombian troops from Colon. The following provisional appointments have been made here: Governor and military commander, Porfirio Melendez secretary of government, Cristobal Uribe alcala, Benigno Andolon treasurer, Antonio Ocampo commandant of police, Manuel Parades.

FRANCE
Will Not Recognize Until New Government Makes Some Promises

Nov. 7.—Before giving a formal recognition by France of the new republic of Panama, Foreign Minister Delcasse has decided to send a declaration that the regime which carries out Colombia's former obligations in connection with the canal is not French property, and that this declaration is unmistakable. French recognition will be withheld until as soon as it is given there are the best reasons to believe that they will recognize the independence of the new state.

These inquiries are now proceeding to secure the specific assurance required. The French consul at Panama declared yesterday that Panama had assumed Colombia's former obligations and legal obligations. This is considered by the officials here as making practically certain the intention of the new state towards French property rights but in order to remove the slightest question of doubt, a declaration from the new state is awaited. When this is received it is expected that the French state towards the recognition of the new state will follow substantially as taken by Washington, yesterday. French consul at Panama being directed to enter into relations with the authorities with formal letters of recognition following later. The officials here construe the action taken by the U. S. as being equivalent to a recognition of the new state.

Took 'Em Long Time.
London, Nov. 7.—The announcement that the United States had recognized the independence of Panama was received here too late to secure an official expression on the subject from the foreign office. There is no reason to

doubt, however, that Great Britain will eventually follow the same course. Prepared to Leave.
Washington, Nov. 7.—The Associated Press learns that Dr. Thomas Herran, the Colombian charge d'affaires is prepared to leave Washington on short notice with his family for Colombia. It may be stated that instructions withdrawing him are being sent to the Colombian legation. So far Dr. Herran has had no advice from his government.

THOUSANDS
Of Troops on Their Way to Colon And More Coming
Paris, Nov. 7.—The Patrie this afternoon published a dispatch from Antwerp Belgium an interview with Gonzalez Torres consul general of Colombia who says he has just received a dispatch from Colombia announcing that 7,000 troops are about to arrive at Savanilla on their way to Colon. Among the number are 500 men from the department of Antioquia. The department of Boyaca is also furnishing its contingent.

OFFICIALS UNDER ARREST.

Bank Servants Charged With Having Received Deposits Knowing Concern Insolvent.

Jordan, Minn., Nov. 7.—H. S. Schreiner, cashier, and A. G. Schaffer, assistant cashier of the Scott county bank, which closed its doors last Sunday, have been arrested pending an investigation into the affairs of the concern. It is alleged they received deposits after the bank was insolvent. They were released on \$2,000 bail each. The total assets of the bank amount to \$143,831, the liabilities are \$154,054.37.

LOST HIS HELPMATE.

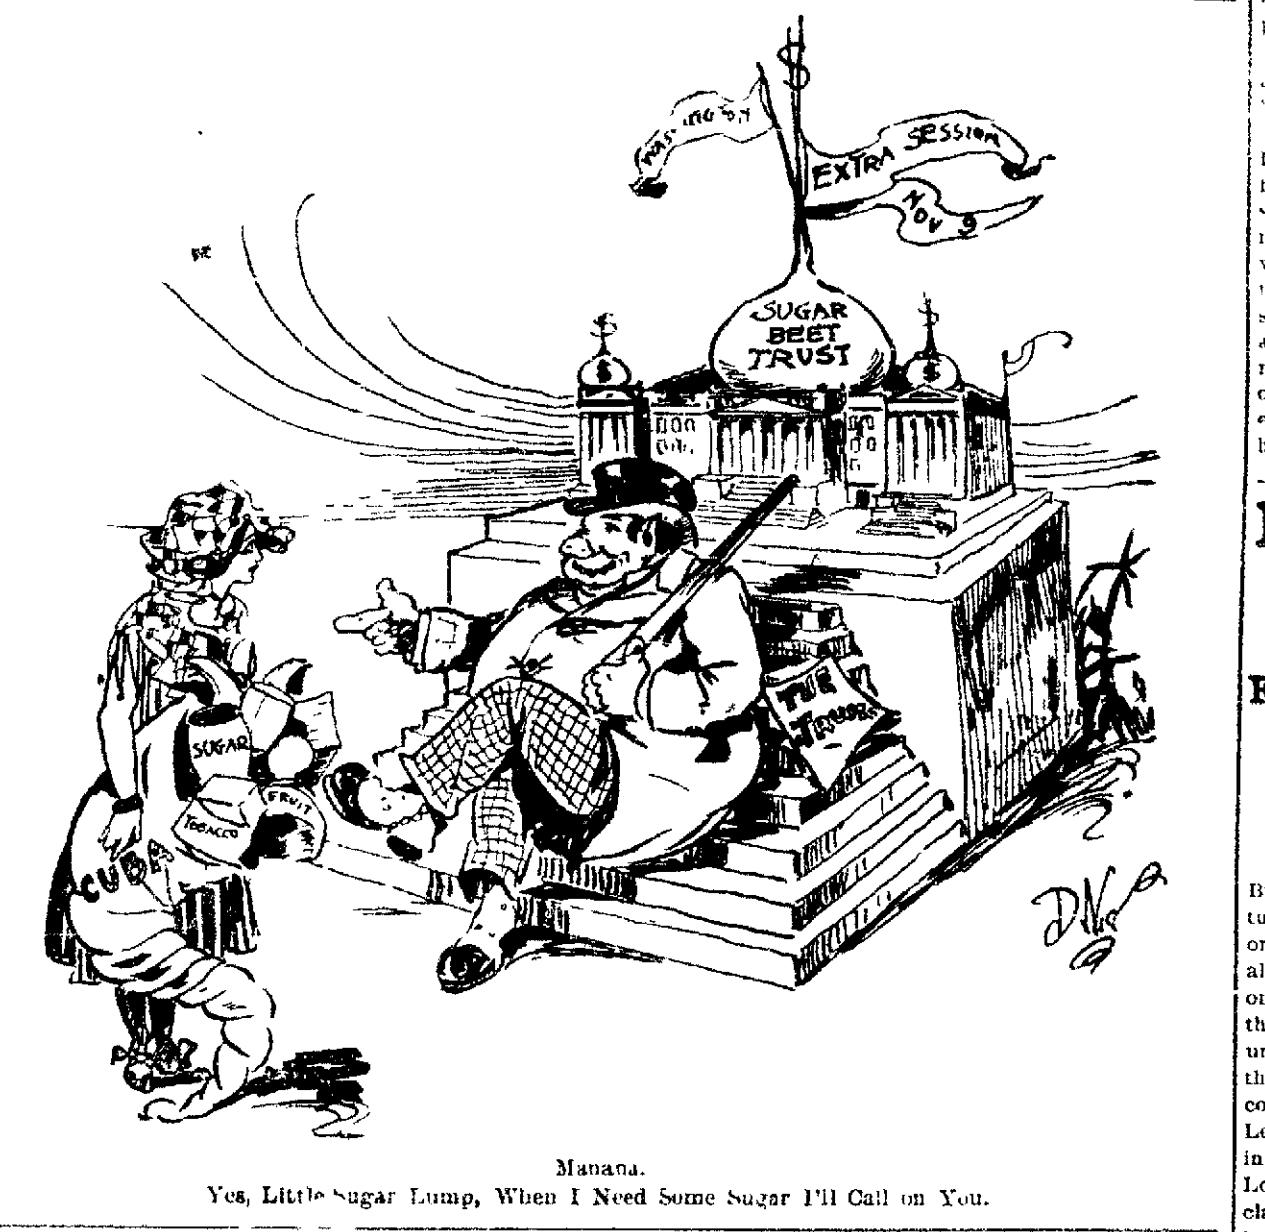

Cedar Rapids, Ia., Nov. 7.—Mrs. Edgar T. Clark, wife of the grand chief of the Order of Railway Conductors of America, and members of the coal strike commission, died today, after a long illness. She was 45 years old. The funeral will take place in this city Monday afternoon.

SURGEONS OF AMERICA ARE

Fuller of Fruitful Ideas Than Those of France and England.

Berlin, Nov. 7.—Professor Johannes Von Mikulicz, the well known surgeon, lecturing at Breslau, on his recent trip to the United States, said he found more fruitful ideas among the American surgeons than among the French and English. He added: "The time is past when we were the givers and the Americans the receivers. The American character has as a fundamental feature unlimited self-confidence. The American believes he can do anything that is wanted, and he wishes to see America regarded as the most beautiful and most prominent land in the world. Never the less we have no ground for fear, for, in the sharp economic contest, the Germans have some advantages over the Americans. The latter recognize the efficiency of the Germans, calling them the 'Yankees of Europe'."

The professor pleasantly described his relations with the American press. He said he intended availing himself of the reports but his friends assured him that this was impossible, and nearer acquaintance convinced him that they were polished, educated gentlemen. He humorously related the case of a youthful reporter in Colorado, who, the professor said, in interviewing the latter, asked whether he had in his surgical operations, "discovered the seat of the soul."

MCCLELLAN GIVEN
A ROUSING OVATION
Washington, Nov. 7.—At the caucus of the democrats at the house of representatives today John S. Williams of Massachusetts was chosen as the candidate for speaker of the house. Geo. B. McClellan, recently elected mayor of New York, received an ovation from his democratic colleagues.

HELD IN OBEYANCE
UNTIL MONDAY MORNING
Chicago, Nov. 7.—The conference between general manager McCullough of the street railway and heads of the employees organization has been postponed until "any time after tomorrow" at the request of Mr. McCullough. Should this interview originally scheduled for today, fail to shake the stand of either side, it is said prospects of arbitration will remain, although what the "prospect" is, could not be learned today.

THREE WEEKS
AGO SHE LEFT.
Has Not Been Heard of Since.
It Is Believed She Has Gone Down.
Marquette, Wis., Nov. 7.—The little schooner Rosebud, of Menominee, Mich., is missing. She left here three weeks ago for Cheboygan, Mich., and has not been heard from since. It is believed she has gone down in Lake Michigan, with George and Edward Cota, sons of the owners, who were sailing her, and their sister, who was steward. The boat was ninety feet over all, and was valued at about \$5,000.

CLOVER LEAF HAS SMASH UP.

Rails Spread and Three Coaches Were Ditched...Many Women Injured.

Frankfort, Ind., Nov. 7.—A west-bound passenger train on the Clover Leaf R.R. was wrecked just east of here this afternoon. The rails spread and three coaches were overturned. Eighteen people were injured, none seriously. They escaped by crawling through the windows. The injured were taken to this place. Following are the injured: Wm. Huntington, conductor Toledo, chest and both legs hurt; W. C. Smith, Lafayette, Ind., left leg and left side badly bruised; Forest Groscurt, Swazee, Ind., left hip broken; Mrs. Edward Ford, Lafayette, Ind., ankle sprained and hip cut; Mrs. Elisha Ford, Lafayette, Ind., chest bruised; John Shanklin, Marion, Ind., head cut; Mrs. J. E. Palethorp, Hammond, Ind., right shoulder broken; Mrs. C. B. Ence, Forest, Ind., hip cut and back sprained; Wm. Busing, baggage master, Frankfort, Ind., back sprained.

BRYAN ADMITTED AS EXECUTOR.

New Haven Conn. Nov. 7.—At the probate court today Wm. J. Bryan, was admitted to act as executor of the will of Philo S. Bennett an objection to him made by Mrs. Bennett's counsel being overruled. The amount of the bond was fixed at \$250,000. Counsel on both sides indicate that an appeal will be taken. Court proceedings opened with a question from Judge Cleveland who presided, as to whether counsel desired to be heard on the form of the decree to be entered in the case. After some discussion, it was agreed to a conference between counsel on both sides early next week, at which it should determine the form of the decree to be submitted to the court for approval. Judge Stoddard asked if counsel for the executors would state definitely whether Mr. Bryan intended to qualify as an executor. He pointed out that if Mr. Bryan declined to do so, Mr. Sloan, partner of Mr. Bennett would remain sole executor. Mr. Stoddard, counsel for the heirs said that he would urge Mr. Sloan to continue, but he would probate Mr. Bryan. Mr. Newton, counsel for Mr. Bryan, said that Mr. Bryan intended to qualify and to act as executor.

FATAL FIRE AT MCGUFFEY.

Little Girl Perishes in Flames Before Eyes of Her Parents.

Dwelling House on the Edward's Onion Farm Destroyed--Father Rescued Two Sons From the Building After They Had Been Badly Burned.

Between the hours of 5 and 6 o'clock this morning, a fatal fire occurred on the Edward's onion farm immediately south of McGuffey, a small village situated along the C. & E. railroad east of this city. The little daughter of Mr. and Mrs. Ida Armentrout tenants of the farm was burned to death before the eyes of her parents and when two little sons were rescued from a burning building after both had been severely burned. Mr. Armentrout is employed by Mr. Edwards as a hostler and he and his family have been occupying a two-story frame dwelling house near the residence of his employer. While he was some distance from the house at tending to his duties with the live stock, and his wife was in the kitchen at their home, preparing the morning meal, fire broke out in the upper part of the house, originating, it is supposed from a defective flue. The flames had gained considerable headway before being discovered and when Mr. Armentrout reached the burning building, he barely had time to rescue his two little sons, who were sleeping in one of the rooms on the second floor. After carrying the boys to a place of safety, he returned for the little girl whom he could see enveloped in flames beyond a doorway at the top of the stairs. She seemed dazed by the heat and smoke and before he could reach her, she turned and staggered blindly into the very midst of the flames. The father made a desperate effort to fight his way through the fire and smoke, to rescue the child but was driven back and narrowly escaped with his own life. Both he and the two boys he rescued were quite severely burned. The building was burned to the ground and in the dying embers a few hours after the tragedy, was witnessed the terribly charred body of the little victim was found and recovered.

BUCHANAN HAS ORDERED A STRIKE.

Fifty Thousand Men Will Walk Out in New York, and Thousands More Will Be Left Without Employment.

New York, Nov. 7.—President Frank Buchanan of the Bridge and Structural Iron Workers of America, has ordered a strike the country over on all contracts held by the Iron League of New York. Forty thousand men in the building trades and 250 buildings under construction are affected by the order. Outside of New York the contracts held by members of the Iron League are few. Only a few buildings in Philadelphia, Pittsburg and St. Louis will be affected. Buchanan claims that 50,000 men will walk out in New York and that 10,000 building mechanics will be thrown out of work by their action. After Sam Parks had tied up the contract of the Iron League for months last spring, the employ force of a Housewrights' Union of their own from members of Parks' union and iron workers from out of town who were willing to sign the arbitration agreement. The union now has a membership of 11,900. The league claims it has more men than it actually has work for. Conferences between President Buchanan and a joint committee of iron workers and the Iron League have been in progress this week. Concessions had been made on both sides but the split came yesterday when the iron workers refused to receive into local union No. 2, the new organization of house smiths as a whole.

FARRIS JURY COULD NOT AGREE.

Jefferson City, Mo., Nov. 7.—The jury before which Senator Frank H. Farris was tried on a charge of bribery in connection with alum legislation came into court at 10 o'clock and reported it had failed to agree on a verdict. The judge thereupon discharged them from further service. The foreman held that the jury stood four for acquittal and eight for conviction, after being out exactly 16 1/2 hours. A new trial will be necessary. Senator Farris was the first of the indicted members of the legislature to be tried on the charges of bribery. He was tried on a direct charge of receiving \$10,000 and distributing it among seven members of the committee on criminal jurisprudence for holding up the bill introduced to amend the law prohibiting the use of alum in baking powders. This money, the testimony went to show, came from Daniel J. Kelley of New York, who was a representative of a baking powder trust, and was alleged to have been handed to the accused by former Lieut. Gov. Jno. M. Lee.

STRUCK BY THE ENGINE

Of L. E. & W. Train This Morning.
Benjamin Lichty Seriously Hurt and His Horse Instantly Killed.
Benjamin Lichty, a farmer living two miles southeast of Bluffton, was struck by an L. E. & W. engine this morning and is seriously injured. Mr. Lichty was driving into Bluffton this morning in a buggy. He drove upon the L. E. & W. track near the elevator just as the 9:33 train pulled in. The engine struck the horse killing him instantly. The buggy was wrecked and Mr. Lichty seriously injured. The injured man was taken into Dr. Rudy's office and given the most careful surgical attention but the full extent of his injuries can not be ascertained. Internal injuries are feared, and it will be several hours before it will be demonstrated how serious they will prove.

SETTLEMENT IS CLOSE.
Berlin, Nov. 7.—The negotiations between Russia and Japan have so far advanced that the Associated Press is officially notified that the announcement of a settlement may be expected soon.

ARCHITECT SUICIDED.
London, Nov. 7.—Sylvanus Trevall, president of the Royal Society of Architects was found dead from a pistol shot, on a train in Cornwall today. The indications were that he committed suicide.

MANY MINES WILL BEGIN

Work Monday Under the Protection of Colorado's National Guard.
Denver, Col., Nov. 7.—Orders have been issued by Adjutant General Bell to every organization of the Colorado national guard not now in Little Creek, to be in readiness to take the field. It has been planned to reopen the mines at Telluride next Monday under military protection but in view of the pending strike of coal miners the Telluride manager decided to defer action. It is presumed that the troops are to be held in readiness to proceed to Commercial camps, where the miners will go on a strike next Monday under orders from the national executive officers of the United Mine Workers of America. Adjutant General Bell has announced his intention of recruiting the national guard up to 3,000 men.

Ladies Social Held by the
Post at the Elks'
Lodge Rooms

E. W. Douham, of Cincinnati, Na-
tional President of the Organi-
zation, Was the Guest
of Honor.

One of the grandest social events of
the season was the action held at the
Elks' lodge rooms, last night by the
members of the local post of the
Travelers' Protective Association and
their ladies. The affair was given in
honor of Mr. E. W. Douham, of Cin-
cinnati, national president of the as-
sociation, who was here to visit the
Lima members.

The lodge rooms were neatly deco-
rated for the occasion, the insignia of
the association being in evidence and

carpetations and chrysanthemums giv-
ing color to the refreshing green of the
numerous potted plants.

Cards and dancing afforded amuse-
ment for the members and their guests
until about 10 o'clock, when all re-
turned to the main lodge room and
listened to an address of welcome de-
livered by Mr. Thos. Morrison, pres-
ident of the Lima post. He was amply
respected to by the national president
who expressed his appreciation of the
cordial welcome and brilliant enter-
tainment accorded him, and spoke at
some length of the widespread
growth and benefits of the association.

Mr. Walter B. Ritchie also gave a very
pleasing address and informal remarks
were made by a number of others.

At 11:30 o'clock, the members and
their guests were ushered into the
banquet hall, where three long rows
of neatly laid tables awaited them.
The banquet was cleverly served, in
courses, by a corps of artists from the
Oak, under the masterly direction of
Mr. Chas. Stump.

One of the very entertaining and
pleasing features of the evening was
the excellent music that was furnish-
ed by the Arion Trio, assisted by Prof.
V. E. Dillard. Mr. Jos. Louth, an ac-
complished violinist of Delphos, is now
the leader of the Trio.

CIRCUIT

Court Interprets Law Gov-
erning Leases.

Ruling Is One Which Places Leasee
and Lessor in a New
Relation.

A ruling of deep interest to oil opera-
tors has been made by the circuit
court, now in session here, says the
Van Wert Bulletin. In a case in which
an oil lease was involved it was held
that oil leases must, like other lawful
contracts, possess mutuality. The rul-
ing is to the effect that when the
leasee agrees to drill one or more
wells within a stated period, or, in
event of failure to comply, to pay a
given amount of rental each month
after the expiration of the time fixed
for drilling the wells does not bind the
leasee in any way. That is he can
drill the wells if he likes, or he may
surrender the lease when the rent-pay-
ing time arrives. The court rules that
if the lease falls to drill the well or
wells the lessor may decline to accept
rent and thus end the contract. The
ruling will necessitate a change in the
phraseology of leases for no operator
could afford to take a contract which
he can not protect without starting the
drill. On the other hand, the court's
opinion may have the effect of stop-
ping wholesale leasing by irrespon-
sible parties, who take leases in wild
cat territory with one view only—to
sell the leases for a snug sum.

THE POWER OF STEAM.

Many Men See First It Takes Control of
Hearings.

When James Watt saw a steam
engine in the kitchen of his home, and
saw the kettle boiling, he was struck
by the fact that it was the same
thing that he saw in the kitchen.
There was a difference, however,
between the two. The kettle was a
simple phenomenon, and regarded it as
an unexplained mystery.

COLUMBUS GROVE.

Postmaster Chas. H. Vale is lying seri-
ously ill at his home on south Broad-
way.

Charles Gieser, aged 65, formerly a
resident of Columbus Grove, died at
Newman Ga., after but a few hours' ill-
ness from heart trouble. He was a
brother-in-law to Mrs. Flora Clippinger,
of this city.

Miss Clara Greiner entertained a
few friends at lunch, at her home on
north Broadway, last evening.

The remains of Mrs. Mary J. Mar-
shall, who died at the city hospital in
Lima, were brought to Rockport, yes-
terday noon, and the funeral was held
from the Presbyterian church. Inter-
ment in the Rockport cemetery. Mrs.
Marshall resided here for some time
with her daughter, Mrs. A. H. May,
law of Lima.

Deputy Postmaster Chas. H. Bar-
of Ottawa, is in the city, the guest of
Mr. and Mrs. A. T. Smith.

The local health board has an-
nounced that public meetings may now
be held and accordingly services will
be resumed in the churches, on Sun-
day. The small-pox situation is under
control, and within several days, Col-
umbus Grove will be free from the
disease. The public schools will re-
open on Monday, Nov. 16.

Miss Maude E. Mullen entertained
at pedro, yesterday afternoon, a large
number of friends being invited to her
home on north Broadway. She was
assisted by her sister, Miss Doris Mul-
len. Throughout the rooms, great
bowls of various-colored chrysanthem-
ums were placed, while palms and
ferns occupied every vantage point.
Miss Clara Greiner was awarded a
beautiful hand-painted china salad
dish, and Miss Von Allestetter won a
dainty little china basket for success-
ful playing. During the time of re-
freshments, Miss Ethel Allestetter re-
ndered several selections upon the piano.

Dr. V. E. Bedford attended the party
given by Miss Pearl Spencer for the
Alpha-Gamma Chi, at Ottawa, in
which the toasts were suggestive of
the approaching wedding of Miss
Spencer and Mr. Herman Duttlinger,
a wealthy resident of Memphis, Tenn.
Dr. Bedford responded to the toast,
"Absence Makes the Heart Grow
Fonder."

A large number of Lima ladies went
down to Columbus Grove, yesterday
afternoon, to attend the pedro party,
given by Miss Maude E. Mullen.

All Humors

Are impure matters which the skin,
liver, kidneys and other organs can
not take care of without help, there is
such an accumulation of them.

They litter the whole system.
Pimples, boils, eczema and other
eruptions, loss of appetite, that tired
feeling, biliousness, fits of indiges-
tion, dull headaches and many other
troubles are due to them.

Hood's Sarsaparilla
and Pills

Remove all humors, overcome all
their effects, strengthen, tone and
invigorate the whole system.

"I had salt moun on my hands so that I
could not work. I took Hood's Sarsaparilla
and it drove out the humor. I continued
to use till the sores disappeared." Mas.
Isa O. Bawer, Rumford Falls, Me.

Hood's Sarsaparilla promises to
cure and keeps the promise.

Another club woman, Mrs. Haule, of
Edgerton, Wis., tells how she was cured
of irregularities and uterine trouble, ter-
rible pains and backache, by the use of
Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—A while ago my health began to fail
because of female troubles. The doctor did not help me. I remem-
bered that my mother had used Lydia E. Pinkham's Vegetable
Compound on many occasions for irregularities and uterine troubles,
and I felt sure that it could not harm me at any rate to give it a trial.
I was certainly glad to find that within a week I felt much better,
the terrible pains in the back and side were beginning to cease, and at
the time of menstruation I did not have nearly as serious a time as
heretofore, so I continued its use for two months, and at the end of
that time I was like a new woman. I really have never felt better in
my life, have not had a sick headache since, and weigh 20 pounds more
than I ever did, so I unhesitatingly recommend your medicine."—Mrs.
MAY HAULE, Edgerton, Wis., Pres. Household Economics Club.

FREE MEDICAL ADVICE TO WOMEN.

Don't hesitate to write to Mrs. Pinkham. She will understand
your case perfectly, and will treat you with kindness. Her advice
is free, and the address is Lynn, Mass. No woman ever regretted
having written her, and she has helped thousands.

When women are troubled with irregularities, suppressed or
painful menstruation, weakness, indigestion, leucorrhoea, displace-
ment or ulceration of the womb, inflammation of the ovaries, gen-
eral debility, and nervous prostration, or are
beset with such symptoms as dizziness,
faintness, lassitude, excitability, irri-
tability, nervousness, sleeplessness,
melancholy, "all-gone" and "want-
to-be-left-alone" feelings, blues, and
hopelessness, they should remember
there is one tried and true remedy.
Lydia E. Pinkham's Vegetable Compound
at once removes such troubles. Refuse to
buy any other medicine, for you need the best.

Frances Cook, Box 670, Kane, Pa., says:
"DEAR MRS. PINKHAM:—I suffered for
ten years with leucorrhoea, but am glad to say
that through the use of Lydia E. Pinkham's Vege-
table Compound and her Sanative Wash I am
cured, for which I am very thankful."

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of
above testimonials, which will prove their absolute genuineness.

Could Kick a Dog.
You are mad at everything,
says the Romoc man to the
over-worked, nerve-broken-
down business man. I have
seen people just like you before;
almost willing to kick up their heels on account
of these irritating nerves of yours. Now take my
advice and get over this nervousness. There is no need of it. Just take
Romoc and it will not be very many days before you will find that your
nerves are quieter and stronger. Your digestion will immediately im-
prove and your appetite increase. Little things will cease to irritate
you. Romoc, you know, is Nature's
tonic up the entire system and is just
better for you than drugs that break
you up, or remedies which contain
kisses may lift you up for a while.

Don't you
please buy a

THE WEATHER.

Washington, Nov. 7.—Ohio, partly
cloudy tonight and Sunday; warmer
Sunday.

Confidence has been restored. Coal
has not declined in price.

Roosevelt is reported as having re-
sorted to sedatives to produce sleep
since he heard the Hanna news from
Ohio.

"Down in Alabama" it is all Hanna.
That state first on the roll call will
cast its vote for Uncle Mark. They
like his personality.

With an absolute era of reform
promoted by New York's mayor-elect,
Dewey has left that city of sin for the
pure social air of Chicago.

Dewey's arrival in New York for
the purpose of reclaiming it from sin,
was at least suggestive that Mayor
Low had not accomplished that for
which he was elected.

Word has been sent to Postmaster
Hall, Editor Campbell, Pure Food
Bureau and Whiskey Scout Ver-
mer, that they must do all in their
power to prevent a panic until the late
election is in a measure forgotten by
the people.

Herrick should waste no time in
caviling about for a private secretary.
There is an abundance of good timber
in this country. For instance—Duke
Ward, Ike Boone, Charley Sharp,
Merle Langan or Frank Downing—any
one of them capable of carrying out
the orders Hanna will issue to his
subaltern.

The loss of extraneous money good
democrats are given. It has been
feared, and forcibly illustrated, that
the political effect is certain. If the
scattered also for years stand under
the guns of adversity and success are
to be barred from councils by those
who stand for isms and fatal fads,
let's have a reunion, with conserva-
tive men in attendance, and real demo-
cratic principles, old time, tried and
true, on a platform. Then will victory
be in sight and not until then.

WHAT ADVERTISING CAN DO

**How Two Fortunes Were Made in
the United States.**

In 1830 P. T. Barnum, the great
showman, journeyed to the Pacific
coast to visit a relative. On his way
back east he stopped at Kansas City
to see the great Barnum & Bailey show
that was then exhibiting in that city.
The then press agent of the Barnum &
Bailey show, Bert Davis, introduced
to Mr. Barnum the editors of the local
dailies at the former's hotel. In the
course of the conversation which natu-
rally followed Mr. Barnum said:
"Gentlemen, Mr. Bailey tells me that
my presence at the performances of the
Barnum & Bailey circus is worth \$5,000
a day to the show. If this is true, it is
my name that is so valuable. It is
known in every town, city and hamlet;
it has become a household word
throughout the country. Now, gentle-
men, all of this was done by news-
papers, and if advertising can make a
name worth \$5,000 a day, what is it
that advertising can't do?"

Before Peats, the wall paper man,
died in 1902 he was at the head of a
mammoth paper concern doing a busi-
ness of \$15,000,000 a year. Yet in 1831
Peats was running a small establish-
ment for the sale of wall paper to the
retail trade on Madison street, Chic-
ago. What was the secret of his won-
derful advance in the wall paper busi-
ness in comparatively so short a while?
It was advertising.

A newspaper man in 1892 induced
him to experiment with printers' ink.
The result was profitable. Peats didn't
see that he could have too much of a
good thing, so he increased his adver-
tising appropriation and as his profits
doubled he doubled his space in the
newspapers and periodicals, and as his
advertising increased his business
grew. Thus he reached the enormous
volume of \$15,000,000 a year by the
arithmetical progression of wide awake
advertising. In the language of P. T.
Barnum, himself one of the most ex-
tensive advertisers the world has ever
known, "If advertising can do this,
what is it that it can't do?"—Detroit
Free Press.

AN EXCITING INCIDENT.

**The Story of a Night Ride on an
Egyptian Railroad.**

"You can travel with perfect safety
on Egyptian railroads now," said an
English official, "but it was not always
so. There were times when it required
tact to save your throat from getting
cut, as you will realize from a little ex-
perience that occurred to me. It was
just before the fanatical outbreak of
1882. I had heard some ugly rumors,
but I had to go up by train one night
from Port Said to Ismailia. I was the
only European in the compartment.
Soon after we started an old Arab
sheik leaned over and calmly helped
himself to a couple of cigars that were
sticking out of my breast pocket. I
knew what that meant, and I got a sort
of cold feeling along the spine, for just
then I caught the gleam of a dagger in
the hand of a man to the left of me. I
said nothing, but, opening my bag,
brought out a box of cigars and brand-
ed them round. The Arabs emptied the
box. I smiled affably and lighted my
pipe, expecting every moment to be
knifed. They were eight to one, and I
was unarmed. Suddenly the old sheik
reached from the rack a large melon he
had placed there. Then he leaned
across and, taking hold of the hand
that held the dagger, brought it into
view. Lifting it from the unresisting
fingers of his fellow Moslems, he tran-
quilly cut two slices off the melon. He
handed me one and proceeded to eat
the other. Then my heart gave a jump,
and as I eagerly sucked at the fruit I
knew I was safe, for we had eaten to-
gether. But I didn't get to Ismailia that
night."

"How was that?" inquired a listener.
"Because," said he, "they murdered
the engine driver, the stoker and every
other European in the train."—Kansas
City Independent.

Feminine Logic.

The pretty girl was looking out of
the window as the trolley car pushed
slowly up the hill past her house. The
car was crowded, and a number of
men were riding on the rear platform.
Just as the car reached a point op-
posite the girl's house an attractive look-
ing box fell from the pocket of a very
swell young man standing on the car
step. The pretty girl held her breath
until the car sped out of sight. Then
she rushed out and grabbed the box.
It was a pound of delicious chocolates.
"I couldn't stop the car, could I?" she
said to her conscience. "And besides it
was probably intended for a pretty girl,
and—with a peek into the looking
glass—"a pretty girl has it."—Pittsburg
Press.

A Fortune in a Clock.

A man in Vienna possessed as an
heirloom an old clock made early in
the sixteenth century. He thought it
was worth about \$10. One day a stranger
came and offered him \$400 for it.
The owner suspected that if it was
worth that it might be worth more, so
he investigated the matter. He soon re-
ceived an offer of \$4,000 for it and
finally sold it to the Kensington mu-
seum, London, for \$20,000.

FINANCIAL LEGISLATION

Discussed Without Conclusion. Form of Cuban Reciprocity Not Reached.

Washington, Nov. 7.—A conference administration in recognizing the new republic of Panama, it was stated that no legislation on that subject would be absolutely necessary although it might be desirable to give the president authority to conduct canal negotiations with the new republic. An endorsement by congress of the present action in recognizing the republic of Panama may take the form of providing diplomatic agents for the new republic.

The question of financial legislation was discussed but no conclusion looking to a change of the general understanding that no general financial legislation at the session was reached.

HARVARD WON HOT CONTEST.

Philadelphia, Pa., Nov. 7.—Penna. and Harvard will meet on Franklin field this afternoon for their annual football contest. The day dawned haze, but just cold enough for ideal football weather. While neither Harvard nor Penna. has shown consistent form this fall, the game should prove exceedingly close and exciting, with but little to choose between the two teams. Harvard averages ten pounds more to the man than the Quakers, and the latter have shown more speed than the Cambridge boys.

HAPPY Nuptial Event That Occurred at Lancaster, O.,

In Which a Popular Young Business Man of This City Claimed a Charming Bride.

At St. Mary's Catholic church, at Lancaster, O., Wednesday morning, at 10 o'clock, occurred a happy nuptial event in which Mr. J. S. Pursell, Jr., proprietor of a gent's furnishing establishment at 76 public square in this city, claimed Miss Elizabeth Cox, a charming and accomplished young lady of Lancaster, as his bride. The impressive marriage ceremony of the Catholic church was performed by the Rev. Father Pilger, pastor of St. Mary's church, and was witnessed by many members of the parish, together with the immediate friends and relatives of the bride and groom.

Mr. and Mrs. Pursell departed for New York city, two hours after the ceremony had been performed, and will come to this city, within the next two weeks, to make Lima their future home. They will, after their arrival here, occupy apartments in the new Steiner building.

Since coming to Lima, Mr. Pursell has made many personal friends and they all join in extending congratulations and best wishes to him and his estimable bride.

CONTROLLING INTERESTS

Of the Lima Telephone Company Are Now Centralized in This City.

Cleveland, O., Nov. 7.—Finance in its issue of today says: "Considerable progress is being made in the settlement of the Federal Telephone Co.'s affairs, the most important deal being the sale of \$40,000 par value of Lima Telephone stock and \$80,000 par value of Lima Telephone common stock to a syndicate known as the Ideal Construction Co., of which A. W. Hoge, of Lima, is president. This deal disposes of the Federal's entire ownership in the Lima Co. with the exception of a number of bonds. The company has \$75,000 of stock outstanding, \$150,000 of common stock and \$118,000 of 5 per cent. bonds. The company has in the neighborhood of 1,000 telephones in operation.

Local stockholders of the Lima Telephone Co., when interviewed by the Times-Democrat today, announced that the statements of the above press dispatch were all practically true with the exception of the fact that the stock

was sold by the Federal Telephone Co. had been purchased by individuals instead of a syndicate. Mr. Hoge, one of the purchasers, is vice-president of the Ideal Construction Co., and another stockholder in that concern is among the purchasers of the Federal Telephone Co. interests, but the purchases were neither made by or for the Ideal Construction Co.

By reason of the deal referred to, in the press dispatch, the controlling interest in the Lima Telephone Co.'s property is now centralized in this city. The property is in first class physical condition, and the financial rating of the company is among the highest of the independent telephone companies of the country.

Mr. Hoge, who is now one of the heavy stockholders in the Lima company, is also a citizen of Lima, having removed to this city from Lorain, O. He is a veteran in ownership and construction of telephone systems, and considers the Lima company's property one of the best in the country.

PARENTS

Return After Laying Their Son to Rest.

Mr. and Mrs. Louis J. Schwartz returned yesterday from Bellview where they went on the sad errand to bury their son and only child, who died recently after a short attack of typhoid fever. Both at this time wish to express their sincere thanks for the many kindnesses extended to them in their hour of bereavement, and especially to the members of the high school, of which their son was a member.

ADDITIONAL SOCIETY.

The N. M. A's held their first open meeting at the home of Miss Faze on West Spring street last Monday evening. The parlors were splendid with leaves and chrysanthemums; an enjoyable program consisting of musical numbers from Miss E. Eckhardt, Miss Clara Povenmire, Miss Faze and Mr. Nikesell and a reading by Miss Eckhardt was followed by fitch and pantomime, after which a three course luncheon was served and impromptu music and fortune telling a very interesting and happy evening. The next meeting will be with Miss Dorothy Jones of west Market street, Nov. 9th.

Monday evening at Wheeler hall a merry crowd of young people of various ages were the guests of Harry and Manly Osgood. All wore masquerade costumes and danced merrily throughout the hours to excellent music only stopping long enough to enjoy refreshments.

The St. Agatha's chapter, of Christ church, will meet Tuesday afternoon with Mrs. George Holland, of 130 west Wayne street.

The lower rooms of Trinity church were all in gala attire last evening for the reception given by the various organizations of the church to their new pastor, Rev. Avann and his wife. The background of palms and ferns with chrysanthemums intermingled, made pleasant surroundings for the people who enjoyed the following program:

Anthem by the choir
Address of welcome by Mr. O. T. Lippincott
Response by Mr. Avann
Ladies' quartette, Mrs. E. V. Wells, Miss Montgomery, Mrs. C. A. Black, Mrs. James Heistand.
Solo, Miss Norma Gibson.
Duet, Mrs. C. A. Black and Mrs. E. V. Wells.
Solo, Prof. Jones.
Duet, Mrs. James Heistand and Mr. Thomas Peat.
Anthem by the choir.

Then all lingered and chatted over the dainty refreshments served by the Ladies Aid Society.

Each day has had some pleasure in store for Mrs. J. W. Van Dyke during her stay and some days were completely filled. Mrs. John R. Sinclair, of west North street, gave a dinner for her last evening, six toothsome courses being served to the honor guest, Mrs. R. J. Thompson, Mrs. W. B. Ritchie, Mrs. J. N. Hutchinson, Mrs. Thomas McLaughlin, Mrs. S. S. Wheeler and Mrs. M. L. Becker.

The Chionan club will meet with Mrs. Owen, west Market street, instead of Mrs. Cook, next Monday evening.

Mrs. Bessie Hastings, who for some time has been the guest of Lima relatives, left today for a visit in Delphos and Van Wert.

Mrs. Frank Boone will be the hostess for the Tuesday club, on Tuesday afternoon.

Yesterday the A. F. club and just a few other ladies drove out to the country home of Mrs. W. H. Leece and enjoyed an afternoon of progressive euchre.

Mr. and Mrs. E. G. Kelly, of Wapakoneta, are spending Sunday with Mrs. S. Kelly of east North street.

The T. & T. club met last evening at the home of their president, Mrs. F. G. Borges. The program was informal and was one planned for Halloween, the roll call being quaint superstition. The evening was arranged to give the men of the club an opportunity to show their skill in cooking, and the result was amusing to all, and whetted their appetites for the good supper served at ten o'clock.

A delightful surprise was given Miss Bryce Wadsworth, by a number of her friends. Those present were: Stella Berard, Mary Saunders, Alpha Johns, Lucille Gottfried, Steals Shook, Marie Umbaugh, Edith Wadsworth, Fred Kemmer, James Williams, Russell Hendershot, Jake Klye, James Keimner, Clark Zimmerman and Charlie Johns. The evening was spent in games and music, for which the guests departed wishing Miss Bryce many more such happy birthdays.

NEW

List of Cases Set for Trial.

Docket Called

And Every Day of Term Is Occupied

Leaving a Large Number of Cases to Be Carried Over Into January.

Gail Hawkins Charged With Breaking Into a C. & E. Box Car Is Found Guilty of Larceny.

Judge Cunningham called the docket for the second time during the term, this morning, and assigned a sufficient number of cases to take up all the remaining days. The schedule is as follows:

November 14—Wm. L. Irick vs Jacob M. Irick.
November 23—American Sewer Pipe Co. vs James B. Lomison.
November 27—John H. Enslin vs J. N. Creman.
November 28—Austin Balmer vs Levi A. Oberly.
November 24—Clinton Seiders vs Elizabeth J. Scanlon.
November 25—R. M. Seeders vs S. A. Earnest.
December 1—Frank Morrissey vs C. S. King and Cora Burden vs C. S. King.
December 2—Geo. W. Thompson vs C. H. & D. Ry Co.
December 4—Walter P. Bloom vs C. H. & D. Ry Co.
December 7—T. W. Dobbins vs J. H. Enslin.
November 21—Lima Home & Savings Association vs Jettie Bible, et al.
December 8—Wm. Miller vs C. L. Ackerman.
December 9—Geo. J. Neher vs Kildow Oil & Gas Co.
December 21—Alfred L. Ferguson vs Village of Cairo.
December 10—Wm. H. Krans vs Chas. E. Russell.
December 11—Thomas M. Donald vs Chas. E. Russell.
November 28—Sarah Hermon vs Thomas J. Hennon.
Guilty of Larceny.

Gail Hawkins, the 15 year old colored lad, who was on trial, yesterday, as one of three participants in the breaking of a seal on a Chicago and Erie car, and stealing a case of beer, was found guilty of larceny by the jury. The indictment was for robbery but the evidence failed to prove that Hawkins broke the seal, and his age was also taken into consideration. The verdict saves him from being sent to the reformatory, or industrial school at Lancaster, and holds him subject to a fine or jail sentence.

Forest Neusbaum, one of Hawkins' companions, will have his trial Tuesday, and Charles Tabler, the other, on Wednesday. They will be defended by Fred Becker and J. N. Hutchinson respectively.

No Case For Monday.
The trial of Fred Jackson, indicted for pocket picking, was assigned for Monday, but the defendant being fully aware that circumstances were all against him, changed his plea to guilty, and has been sentenced to two years in the penitentiary. This act on Jackson's part left an open date, and the jury was dismissed yesterday evening until Tuesday morning.

Circuit Court in Session.
Two courts, common pleas and circuit court, will be in session next week, the one in the lower court room and the other above. The circuit court docket brings some old cases up for review, sixteen in all, and it is headed by one of the familiar Rousculp cases against the Ohio Southern railroad, which have been hanging fire for several years. The new high school proposition also has a place on the docket in which the question of disposing of the bonds is at issue, but as the circuit court has once decided on the issues joined in this controversy, the argument is not likely to do more than pave the way to the court of last resort.

Contractor Brings Suit.
Emanuel Crist has filed a lengthy account of an alleged claim against Mrs. Mary Bourquin, judgment being asked in the sum of \$1,977.51. Chas. Adgate, attorney for plaintiff.

Divorce Granted.
Attorney Frank Downing secured a divorce for the plaintiff in the case of Benjamin vs Flora Boothe, this morning, on evidence furnished by three physicians as to the woman's physical condition.

WHITNEY & CURRIER'S

SPECIAL ANNIVERSARY SALE OF GOOD PIANOS.

Buyers appreciate the low prices on Reliable Makes and Attend in Large Numbers.

The sale to last but a short Time.

Store Open Evenings.

Dollars go a long way at this anniversary special sale of good pianos. Beautiful Santo Domingo Mahogany cased instruments are selling at prices never before known in Lima. They are Pianos whose name tells of their high quality. No question about that. They are new and up-to-date Pianos, too. No old shop worn unknown truck. We are not dealing in that class.

These great bargains will not last much longer; in fact, whether all sold out or not, this sale will close in a few days at the latest, when prices on all makes will be returned at once to normal figures.

A more child can buy a Piano at this sale as cheaply as the most astute business man. Our sale prices are put at a figure that allows no deviation.

We like Lima and are here to stay. Every Piano sold by us is guaranteed by us and the manufacturer both and must prove exactly as represented.

Many Piano buyers will doubtless be disappointed after this sale is over, but we cannot help that, we are giving the opportunity NOW, and shrewd buyers are taking advantage of it to provide their children with a good Piano at a small outlay in cash. The sale will positively last but a few days longer.

GLORY IS DUE TO THIS MAN.

He Has Invented a Baggage Car, and Process
for Unloading Trunks That Will Put
Smasher Out of Business.

The Michigan Central is experimenting with a new baggage car, which will save the days of the baggage smasher, reduce the time lost by passenger trains at stations, facilitate the handling of express, and diminish the wear on the rolling stock and track. The car, which is called the "Safety Baggage Handler," was operated for more than two months between Saginaw, Bay City and Detroit, with remarkable results, and was brought to Chicago yesterday on a through Michigan Central train.

H. P. Dearing, general baggage agent of the company, said the new car did far to revolutionize the handling of baggage on American railroads. The car is fitted with a pneumatic elevator. A padded truck, costing \$9, and about \$50, the cost of the average truck now in use, is kept in the car. The baggage is loaded on this, and the truck is run on a steel platform which, when unfolded, extends about three feet outside of the car. This platform is raised and lowered by means of 70 pounds air pressure taken from the engine and stored in a cylinder underneath the car. The air is controlled by a lever by the side of the car door and operates the elevator by means of steel cables.

Unload Car Quickly.
The truck will carry between nine and twelve huge trunks, whose combined weight is nearly 1,700 pounds. Similar trucks are used in the stations, and are loaded ready to be run on the elevator the moment the loaded trucks from the car is run from the

elevator to the platform. On a trip from Detroit to Chicago a record was made at Vassar, Mich., where two trucks, containing a total of twenty-five pieces of baggage, were exchanged in thirty seconds. At several stations three and four minutes were saved from the usual time consumed in handling the baggage. During the two months' trial the road has not received a single complaint on account of baggage injured.

The car itself is also novel in construction, as its under frame of steel is such as to make it practically impossible to telescope the car by collision. Two twenty-four inch and one twenty inch eye beams constitute the center strings, supporting nine-inch eye beams as side sills. The car is sixty-seven feet long, weighs 80,000 pounds, has 60,000 pounds capacity, and can be built as cheaply as the ordinary wooden constructed car.

Will Be Popular.

Within two or three weeks time, a new service will be established in connection with Pennsylvania trains No. 6 and 9, between Pittsburgh and Chicago. A bulletin issued from the superintendent's office says that on those two trains an a la carte service will be established for breakfast and luncheon. A waiter will go through the coaches at the appointed hours, and will serve coffee and sandwiches to those desiring them. The new service will be a popular one, and it will doubtless be a source of revenue to the dining car department of the company.

MONEY THE QUESTION.

Washington, Nov. 7.—The senate finance committee has held a meeting and at its conclusion, gave out the following statement:

"The committee considered informally questions pertaining to the collection and deposit of public money's. No conclusions were reached, and no further discussion will be had until after the vacancies in the committee are filled."

There was some informal discussion about the proposed legislation for Cuban reciprocity, and the opinion was expressed that the form of the legislation was not important, and it rested entirely with the house. The same will consider the bill of resolution when it is received from the house.

DISTINGUISHED HONOR SHOWN OUR AMBASSADOR.

Rome, Nov. 7.—King Victor Emmanuel, hearing that the United States' Ambassador Myer had arrived at Pisa in a motor car, sent his aide-de-camp, Gen. Brusati, to invite the ambassador and his family to the royal shooting lodge at San Rossore, where Mr. Myer went this morning for a day. During the forenoon the ambassador rode on horseback with the king and queen. He then participated in the hunting party.

THEY BLEW SAFE— TOOK THE STAMPS.

Cleveland, O., Nov. 7.—Burglars blew open the safe in the post-office at Nottingham, a suburb, and secured about \$300 worth of stamps. The cracksmen stole a horse and buggy and escaped.

BIG BOND PURCHASE.

New York, Nov. 7.—Speyer & Co., and Kuhn, Loeb & Co., have purchased \$9,000,000 Baltimore and Ohio bonds, as follows: \$5,000,000 first mortgage, 4 per cent bonds; \$3,000,000, 3 1/2 per cent prior lien bonds; \$1,000,000 Baltimore & Ohio, Southwestern 3 1/2 per cent bonds.

ABOUT GARDEN SEEDS AND THEIR SCATTERING

Annual Distribution Among Constituents of Congressmen Began Last Monday and Will
Continue for Four Months.

The distribution of field and garden seed by the department of agriculture, which began on Monday, will last four months. Something over a thousand tons, or a total of 45,000,000 packages will go to every state and territory in the union. Every member of congress is allowed 12,500 packages of garden or field seeds, the garden seed being in five varieties, and 500 packages of flower seeds, all that is necessary for him to do to get them to his constituents being for him to file their address with the department, whence they are sent to their destinations. In addition to this the department itself has an allowance of 700,000 packages, which it sends to its correspondents throughout the country, to various state granges, weather and experimental stations coming in for a share.

The recent wholesale destruction by burning of seeds at the department grounds about which the officials are quite reticent, is said to have been principally cowpeas and beans that had rotted.

A faulty feature of past distributions which it is said will be corrected this year, will avert any more late distributions, such as was the case last year, when many of the consignments reached their destinations too late for use. To regulate this the country has been divided into six districts, and seeds will be sent to each at a time in keeping with climatic conditions, and requirements. Another feature that has been adopted is to permit congressmen having entirely urban constituencies to exchange their field and garden seeds for flower seeds.

Special selections of tobacco and cotton seed will be sent to those districts where it is deemed they would most likely flourish, seventy packages each containing one peck of cotton seed, and 110 packages of tobacco seed of five papers each, going to the proper districts. It is expected that by this method, the department will be able to educate the growers as to the proper seed for certain soils.

SENTIMENT AGAINST RED HAIR BELONGED

To a Dark and Benighted Period Which Carnival
Bal Masque in Kansas City Will
Endeavor to Overcome.

A happy inspiration was that which prompted the prize committee for the carnival ball masque to encourage competition among the women and girls in Kansas City, with red hair. In the first place, to the educated eye, there is nothing lovelier than red hair and, in the next place, the sort of hair that grows in Kansas City, is especially fine and gorgeous. Its rich pigment is absorbed from the golden sunlight, which is practically perpetual in this latitude, and it rivals the richest coloring of which Titian has left any examples.

Matrons and maidens appear every day on the streets of Kansas City with that sort of splendid, burnished hair that causes a man with an artistic eye to turn around and take the second look, to which he is entitled by the law of the road laid down by the much beloved Dr. Oliver Wendell Holmes. To see a collection of these resplendent locks together vying with each other in generous rivalry, will be a feature of the ball masque which no discriminating person will be able to regard with indifference.

There is abounding cause for felicitation over the progress made by the world up to the advanced point where red hair is no longer accounted a possession to deprecate and to rebel against. That sentiment belonged to a dark and benighted period intervening between the glorious efflorescence

of Venetian art, and the revival of aestheticism in these latter days. It is a hopeful token of the appreciation of real beauty that the popular actresses of the tragic and emotional drama wear red hair, which is associated with many of the imperishable romances of history.

The rosy blonde who may desire to compete for the prize at the carnival ball masque may choose between a number of interesting personalities—Lucrella Borgia, Mary Stuart, Queen Elizabeth, etc. Helen of Troy must have had red hair to have made such a stir in the world, and even Cleopatra, for all her African nativity, has been embellished by tradition with that accessory to her other fascinations. On an occasion such as the ball masque, there should be no grotesque association between red hair and white horses, even in the form of a "counterfeit presentment," though hobbyhorses often make their way to the arena floor at the carnival parties in Convention hall.

The prize committee of the carnival ball masque is worthy of the most generous encomiums for devising a scheme by which it will be able to add a thoroughly fascinating and artistic feature to the festive event of next Friday night, and at the same time extend encouragement to a by-product in Kansas City, whose importance and value have never before been fully appreciated.

WINDOW GLASS WORKERS WILL

Be Back at Work Within Ten Days
as a Result of the
Conference.

Pittsburg, Pa., Nov. 7.—As a result of the general conference the window glass workers who have been idle for over six months, will be back at work within ten days and before the first of the month, at least 40,000 workmen dependent upon them will have employment. All the leading producing companies and business organizations were represented. Under the agreement the workers will receive 3 1/2 per cent increase in wages, but the most important part of the new scale is the concession made by the workers which will enable the members to shut out from 800,000 to 900,000 boxes of foreign window glass imported annually from Belgium and France. The new scale becomes effective Nov. 10, and continues in force until June.

Improving His Style.

Colonel Henry Watterson, the editor believed in good English and not only writes in it himself, but tries to get his young men to write it also. A bright young fellow who went to report a student convention with Col.

Watterson, turned in an article one night that was loosely written, and somewhat slangy, says the Pittsburg Post.

The colonel read it with portentous frowns. "Here, here, young man," he said, "this will never do. You must improve your style."

"What can I do to improve it, colonel?" the young man asked.

"Read, sir, read; read books."

"Yes, colonel, but what books?"

"Read Thackeray; start with Pendergast."

That night there was much excitement. Important news developed. Col. Watterson waited for his young man's report. It came to be 11 o'clock at night, and he had not submitted a line. The colonel started on a search and found the young man in his room with his feet on a table, smoking a cigar and reading a book.

"Here, sir," shouted the colonel, "what are you doing? Where is your article? You have written nothing that I can find. What are you doing here loafing in this manner while the paper is waiting for the news?"

"Why, colonel," the young man replied with pained surprise, "I am carrying out your orders. I am reading 'Pendergast' to improve my style."

AMUSEMENTS.

Tuesday—"Damon & Pythias."
Wednesday—"Uncle Tom's Cabin."
Thursday—"Why Women Sin."
Friday—"The Telephone Girl."

For F. R. Hallam's great revival of a classic play "Damon and Pythias," a splendid cast has been selected. Edwin S. McKim, who has played a role over 1,000 times, will be the Damon. For the part of Pythias, Frank Hennig, known throughout the country as one of the greatest legitimate actors of the day, has been engaged. Mr. Hennig was for twelve seasons leading man for Thomas Wilson, the great tragedian. Harry D. Ifton, who was the Dionysius in Frederick Ward and Louis James' production of "Damon and Pythias," will play this role in the present revival. Marguerite Calla, who was prominent in the cast of "The Sign of the Cross" last season, will be the Lanthe and Virginia Wardour, who in season won success in "Romeo and Juliet" and "In the Palace of the King," is the Hermion. The scenic costume is entirely new and unusually beautiful and elaborate. Local youngsters will have an opportunity of witnessing this great production at the Faurot opera house next Tuesday, November 10th.

"Uncle Tom."

The first production in this city of the new sensational and stirring society melodrama, "Why Women Sin," will occur at Faurot opera house next Thursday night. The new drama, which has made a big hit wherever it has shown, is in four acts and seven scenes, and is from the pen of Will C. Murphy, a well known newspaper man, who has drawn careful pictures of an intrigue in New York society founded upon facts. The play shows the undercurrent of emotions of the butterflies of fashion, and the temptations and traps that beset the women of society.

The action of the play is brisk and snappy, the comedy and pathos blend well together, and the climaxes are dramatic and sensational, yet without the plot is consistent and the dialogue crisp but clean. The scenes are all laid in New York, and among the features are the Millionaires' Club, exterior and interior, illuminated grounds of the famous cafe on Riverside drive overlooking the Hudson river, in front of Holy Trinity church on a snowy, winter night, and

the handsomely appointed Golden Fleece gambling saloon in full operation. Some of the sensational scenes are the struggle on the stairs, the boy's prayer, the hand of death, the duel in the dark, the shooting in the gambling room and the great climax in front of Holy Trinity church.

Writing of the "Show Girl," which is being put on at the Great Northern in Chicago, Bennett in the Record-Herald, says:

"If so merry, tuneful and nicely performed a musical comedy as 'The Show Girl' were on view at one of the theatres where the scale of admission runs as high as \$2, the more discriminating class of playgoers would be flocking happily to see it. It would be voted a highly satisfactory light entertainment, and would be heartily commended for its cleanliness and freshness. It deserves the same degree of approval even though it is being presented at the Great Northern, where the admittance fees are within

with a production many times during the past five years, will now be returned to the nickel hole again.

But this much may be taken for granted: Back of this announcement from Chicago, there is a very interesting story, the half of which has not yet been told.

Meanwhile, Miss Marlowe is saying absolutely nothing to anybody."

—O—O—
Ezra Kendall is the star of them all as a fun provoker. In Chicago, he made a curtain speech, his first night, after the second act, of the "Vinegar Buyer," and it created such a furor of laughter, that he is now compelled to make one after each act, three in all.

—O—O—
Like good wine, "The Telephone Girl" improves with age; she is now a stately beauty of seven seasons, brighter, breezier, gayer and heartier than ever. Always a welcome visitor in Lima, the season's production of the musical comedy, classic, should

reason. This piece has no Broadway endorsement, but that does not prevent its being a good, hearty achievement in innocent fun and light melody. The plot is sufficiently flexible to permit the introduction of smart specialties, notable among which are the rich, rollicking negro imitations of Miss Stella Mayhew, the most captivating singer of darky songs since Miss May Irwin was the leading exponent of this kind of humor and melody.

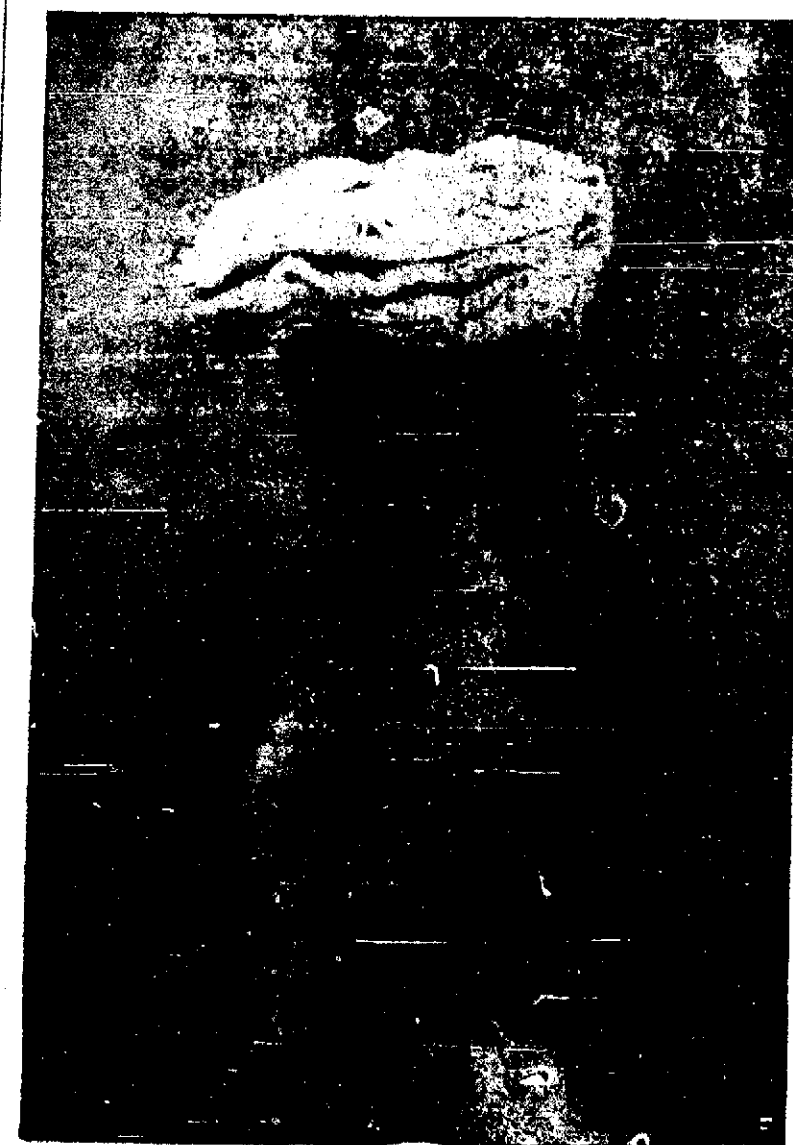

Fred Truesdell, an agreeable singer and an actor of decided talent, contributes pleasantly to the success of the entertainment. This young man has been barn-storming several years, and has never before got within shouting distance of a downtown theater. He ought to have been safely ensconced in a good company long ago. He sings with fine intelligence and his bearing is unaffected, manly and graceful.

A well-trained and well-dressed organization of dancers, singers and comedians assists Miss Mayhew, and "The Show Girl" is altogether an exhilarating, cleanly achievement."

—O—O—
The New York Sun has the following comments on the entanglements which now surround that meritorious actress, Julia Marlowe:

"While it has been known for a long time that Miss Marlowe was dissatisfied with her theatrical affairs, no one thought, as long as two unproduced plays remained in her repertory, that she would throw up the sponge even temporarily. The fact that in Chicago, where she is now playing she has for the first time been put up as a rival attraction in a failure against Miss Maude Adams, in a success is said to account at least partially for Miss Marlowe's sudden determination to let the theatrical world go slip for awhile. Miss Marlowe has always contended that she had the prior claim on Rostand's 'L'Aiglon,' and when this play was given by Charles Frohman to Miss Adams, it almost broke her heart. Last year, the failure of her first play, 'Queen Flametta,' disheartened her, and the fact that her later production, a dramatization of 'The Cavalier,' was on all hands condemned as being an unworthy vehicle for an actress of her powers annoyed her still further. She now insists that she will experiment with no more plays of which she does not feel sure. 'Yvette,' a play by the author of 'Zaza,' which has been threatened

to be awarded a more generous attendance on Friday, November 3rd, than any previous occasion. Max Phohn still guides the destinies of 'The Telephone Girl' and for its final tour through this country he has gathered the strongest company available. Each member is an artist in his or her

"The Telephone Girl."

line, and their combined efforts provide rare entertainment. New costumes and scenery, new musical numbers and new faces in the all chorus have been provided. The part of Hans Nix has been entrusted to Max Bloom, a clever young comedian who last season scored such a hit as the "polite lunatic" in "The Belle of New

York." Henry Clayto will officiate as Snuffles, while Harry C. Lyons as Saunders, the butler, will offer a very unique specialty consisting of perfect imitations of the things we hear every day. The feminine contingent is headed by Nellie V. Nicholas.

—O—O—
Denman Thompson's "Our New Minister" will have one more presentation at the Faurot opera house this season, on Wednesday, November 18. That this latest product of Mr. Thompson is one to confound with is evidenced by the countless requests of theatrical managers everywhere to book it, for it is one of the few genuine money winners of the present dramatic season. Before its first production in Boston two years ago, its managers had only moderate expectations concerning the new piece, but a did that most astonishing of all things—surprised its managers, and that is more than surprising one's mother. As the "Old Homestead" brought many dollars to the fortunes of its author, so will be the case with "Our New Minister." The same great cast will positively be seen.

—O—O—
Pure in thought, tone and action is the dramatization of Bertha M. Clay's celebrated novel, "Dora Thorne," which is booked to appear at the Faurot opera house soon. "Dora Thorne" is essentially a woman's play, and yet the splendid success which the production has attained would lead one to believe that members of the sterner sex also found enjoyment witnessing the trials of the heroine. Women admire it for the reason that originally it was a woman's book, written by a woman about a woman. It presented a pathetic vein which appeals to the average woman's heart and handkerchief. However the dramatization has been deftly constructed by a man, Mr. Langdon McCormick is his name, a gentleman well versed in play building. Mr. McCormick has retained all of the scenes and characters of the novel, and for the play's betterment, has added a few of his own—perhaps that is why men enthuse over the play, "Dora Thorne." Again, perhaps, it is the company of well-known players who interpret the various characters, or perhaps the beautiful gowns worn by the charming women appeal to the masculine as well as the feminine mind.

—O—O—
The Whitney Opera Company in "When Johnny Comes Marching Home" not only broke all records for receipts at the New York theatre, but have continued to do so in every city visited, including Chicago, St. Louis, Kansas City, St. Paul and Minneapolis, and in the few smaller cities or one night stands there is not an instance on record where the entire house has not been sold out within a few hours after the sale opened.

—O—O—
The play "Merely Mary Ann," is of the egg variety, but the acting of Miss Eleanor Robson is so meritorious that
